

Library Link

We are excited to announce several new services available to you!

This next year we will be making some changes in our library services you will enjoy.

You will be able to log into our library catalog, Destany, and see what books we offer through Overdrive (our downloadable books, movies, and magazines). You will be able to view from one place all formats of all material we have available.

We have joined SCRS, an Indiana library Inter Library Loan catalog. SCRS is able to connect member libraries with different catalog programs together and allows member libraries to share their collection with one another. After the New Year we will be letting you make your Inter Library Loan requests from home! If you do not want to make your own requests our library staff will be happy to do it for you. If you would like to make you own inter library loan requests, ask us for more information.

Next year we will be sending out late book notices through email. Please make sure we have your email so you can get these reminders.

Starting January 2019 we will be unveiling another service you will all enjoy. Keep a look out for the news. It will be posted on our Facebook page (so like us if you are on Facebook), announced in the newspapers and on the marquee in front of the library.

In the following pages of this newsletter you will find programs being offered at the library this winter.

**Let us help you out on your
eLearning days.**

The library has internet service available 24/7. When we are not open the internet can be reached wirelessly from the front parking lot. All school computers should be able to connect without a problem. If your computer does not connect automatically, choose Library1 as your connection. There is no password to use our service.

We have several areas inside the library to use your laptop. There are study rooms with tables and sitting areas around the library that have electrical outlets should your laptop need power.

Many times the library is open when school has been canceled, but not always. You may want to call the library before you come if you want to make sure you can get inside the library. Our number is 219-261-2543.

Friends Corner

The friends group was started in 2006. We have been supporting the Remington Library for over 10 years. In these 10 years we have seen many helping hands. From the help of the community we have donated many items and money to the library. Some of the items we have donated are: baby changers, marquee, furniture, prizes for the summer reading program, and many books and programs. We have held many different money makers: an annual book sale, home tours, and bake sales.

In order to keep supporting the library we need your help. Soon it will be time for the annual membership drive. We are also looking for people who would be willing to become officers. Several of our officers have had to resign after many years of supporting the friends.

Memorial Books

In memory of Marge Flickner Chris & Mark Legler and Family donated *Chicken Soup for the Soul Think Positive* and *Chicken Soup for the Soul Grieving & Recovery*.

In memory of Marge Flickner Adrian & Agnes Domborowski donated *Alaskan Holiday* and *Snowy Nap*.

In memory of Johnny Wilder the Rick Harper Family donated *Holy Cow*.

STEM Makerspace

A makerspace is a place where creative people can gather, create, invent, and learn.

The room is full of recyclables and craft items to use for creating your own inventions. You will also find a light box, LEGOs... in the room. More items will be added in the future. The more the room is used the more we will add.

Also available for use are: Laptops, Cricut Explore Air (a cutting machine). But you must ask at the desk to be able to use them.

Bring your friends and use the makerspace anytime the library is open.
